# Welcome

**Myself and my  
wife Katie getting  
married at the Mill  
in Ballydugan**

*Have a look at my packages and prices below. I offer photo, film and photo + film packages. Let's be honest, having a camera follow you around is awkward. Which is why my style leans towards capturing natural and candid moments in an unobtrusive way. Accompanied by relaxed poses and guidance, it's your day not a photoshoot!*

*Every wedding is different and handcrafted to represent your personal love story. Through getting to know you as a couple I weave your personality and heart in. I pride myself in making my wedding films & photos about more than just how they look.*
